

# NIGP Commodity Code Lookup Instructions

---

The National Institute of Government Purchasing (NIGP) Commodity Codes for Goods and Services is most commonly used to classify Vendors. It enables us to search Vendors registered to a specific commodity. The City uses the 5-Digit Class-Item code in our procurement software.

Click the link to open the State of Texas NIGP Commodity Book Numeric Index.

[https://cmbireg.cpa.state.tx.us/commodity\\_book/Numeric\\_index.cfm](https://cmbireg.cpa.state.tx.us/commodity_book/Numeric_index.cfm)

Commodities are listed by a 3-Digit Class, then a 2-Digit Item. All Services are listed under the 900 Class, all others are for Goods.

Select the Class Code that best describes your need, then click the 3-Digit Class Code link to view the item descriptions listed for that Class.
